Please join us for a two-part webinar exploring privilege and confidentiality issues in Child Endangerment cases. Part One reviews the laws that govern disclosure of information concerning health, mental health and substance use treatment. Part Two reviews the mechanics of requesting treatment records, and the mechanics of objecting to disclosure of treatment records, and the court process for handling these records and hearing these disputes. Our experienced panel of attorneys will provide insight into how these issues are handled in our Western Massachusetts Juvenile Courts. Attendance or review of Part One of the Webinar, is a prerequisite for attending part 2.
