Type of Case: _____ Hours Billed or to be Billed for Waiver Date: _____

Description of Services Provided on Waiver Date:

* The Request for Waiver must identify all cases on which services were performed and all hours worked on the Waiver Date. Submit one Request for Waiver for each date on which more than ten billable hours of service were performed. You must submit the Request for Waiver and receive approval of your waiver request before billing for more than ten hours for the Waiver Date for it to be effective. If your waiver is approved, you will be compensated up to the total hours approved for the requested Waiver Date.

** The approval of your waiver will not exclude that date from any billing or performance audit. Approval, reduction or rejection of a waiver does not constitute an audit of the hours submitted on the waiver date or cases for which services were billed on that date. The Committee reserves the right to examine the cumulative hours charged on the dates for which a waiver was approved and re-examine such bill(s) in the event of a future bill review or audit. Also, please be aware that bills may be reduced if submitted late and/or exceed the Committee's caps on billable hours, etc. Only one waiver for a single date can be approved.

*** Assigned Counsel Manual requires assigned counsel to maintain contemporaneous time records for each case as well as daily log which records all time worked and services performed on each date. Please refer to the section on Time Records in chapter 5. Submission of this form to CPCS constitutes certification as provided below.

Attorney Certification: I hereby certify under the pains and penalties of perjury that I maintain contemporaneous time records in keeping with CPCS policy supporting my waiver request and have accurately described the services performed and the number of hours billed or to be billed on each case included on this request.
